

2023 Australian Summer Grains Conference

RACV Royal Pines Resort
Ross Street, Ashmore
Gold Coast, Queensland

13 - 16 March 2023

Are you passionate about Agriculture and Crop Science?

Are you asking questions about what your future in Agriculture might look like?

Are you looking to widen your industry exposure and make connections with future employers?

After it's success in 2019, the Australian Summer Grains conference is running a student and young leaders forum on 13-14 March 2023 that will bring together students from universities across Eastern Australia into a forum with keynote speakers, graduate agronomists, as well as grains industry employers.

The forum will host a panel discussion with graduate agronomists and industry representatives as well as encouraging you to connect and network with a range of industry companies attending the conference.

Students will be provided with conference admission for the two days, 1 nights shared accommodation and meals. Bus travel from Toowoomba to the Gold Coast is also available.

There are a selected number of positions available and applicants should address the selection criteria questions and summarise in < 300-words why you should be considered for this opportunity.

Selection criteria:

1. Current tertiary enrolment in studies in Agriculture, Science or Environment
2. Why your future is in agriculture?
3. Why are you interested in attending summer grains?
4. Why should you be selected for this opportunity?

Forum is open to all young leaders and recent graduates.

Visit the website for further information.

Application close: 20 December 2022
Email application: asgc@kamevents.com.au

COST:
\$50

for successful applicants.
